Rainbeau Mars as she partners with Whole Life Vacations to launch her first retreat in Cancun Mexico. We have bought out the entire Club Med Yucatan resort and invited top professionals in various sports disciplines including Yoga, Tennis, Martial Arts, Beach Volleyball, Scuba and more to create a custom tailored experience seen nowhere else.

A long time favorite, Club Med Yucatan completed a \$20 million renovation in November of 2006. The renovation included taking steps to make the resort more family orientated. From day care for the kids to plasma TVs for them to play video games and watch movie favorites Club Med Yucatan has it covered.
